Sophomores Lose First Game Through Weak Defence.

The 1907 football team lined up against Dedham High School eleven, Saturday afternoon, on the latter's grounds, and was defeated by the score of 12-16. The game was characterized by weak defence on both sides, repeated gains being made by each team through the line.

It was 4 o'clock when the teams were lined up for the kick off. Dedham kicked off, and the ball was brought back twenty yards. By line bucking and end runs, '07 brought the ball back to the centre of the field, where they lost it on downs. Dedham made a few short gains but lost the ball on a fumble, at the 40 yard line. Tetlow fumbled and Dedham got the ball on their own 65 yard line.

By repeated line bucking, using O'Connell, Keenan and Staples. Dedham brought the ball to the 3 yard line, when O'Connell was pushed over for a touchdown. No goal.

Dedham kicked off to Tetlow, who brought the ball back 25 yards. '07 now took the ball to Dedham's 40 yard line. Here Tetlow made a 25 yard run. From the 15 yard line, Tetlow was pushed over for a touchdown after a series of line plays. Tetlow kicked the goal. Score, '07 6, D. H. S. 5.

'07 kicked off, and after a few plays, time was up.

SECOND HALF.

During the second half Dedham found the Sophmore ends weak and twice skirted them for touchdowns, the last touchdown being made after a 55 yard run from the centre of the field.

The game ended with '07 in possession of the ball on Dedham's 30 yard line.

1908 - 6 CHELSEA HIGH 5.

Touchdown and Goal in First Half Wins Game for Freshmen.

The 1908 football team defeated the team from Chelsea High School, by a score of 6 to 5, on Everett avenue playground, Saturday afternoon. The game was marred by excessive protests of the officials' decisions, and was loosely played by both teams. In the first half, 1908 kicked off, but soon recovered the ball on a fumble and by line play worked down near to Chelsea's goal. A fumble gave the ball to Chelsea, but McNaughton's kick was short, and 1908 recovered the ball, still near the goal, and in a few plays, Glover carried it over, Williams kicking the goal. This ended the half with Tech in the lead 6 to 0.

SECOND HALF.

In the second half, 1908 lined up as before, Chelsea making two changes. In this half Chelsea was able to gain considerable ground, and finally succeeded in scoring after two end runs by Kincaide. The goal was missed. After this, 1908 played with less spirit, and allowed themselves to be driven back to their 25 yard line, but a rally forced Chelsea to try a drop kick, which was blocked, and the game ended with the ball in the possession of 1908, in the middle of the field.

The line up:

Time of game: two fifteen minutes halves. Referee, Mr. Cumings. Umpire, Mr. Roday.

Freshman Class Meeting.

Chairman McGuigan called the Freshman Class to order Saturday in Huntington Hall. The secretary, pro tem, was directed to draw up resolutions disclaiming any knowledge on the part of the class, of the mutilation of the Cabot Cup and also the door of the Union. A call for more candidates for the class teams was also issued. 1908 class meetings will be held regularly every Saturday morning after Military Science until further notice.

NAVAL ARCHITECTURE.

A Series of Lectures Arranged by Professor Peabody.

Professor Peabody, head of the Department of Naval Architecture, has arranged a series of lectures on various practical subjects to be given during the year to the students of Naval Architecture, in Room 32, Engineering C Building. The first lecture was given last week, by Mr. Robertson, chief boat-builder at the Charlestown Navy Yard. His subject was, "Building Small Boats."

On October 26 and 28, a lecture will be given on "Pneumatic Tools," by Mr. Fairbanks; on November 10 and 11, "Laying out Shipyards," by Mr. James Swan, a graduate of M. I. T. Professor Peabody will announce the other lectures later.

Hare and Hounds.

The Hare and Hounds Run took place at Wellesley Hills, Saturday, over a trail of about seven miles. The Hares were O. K. Starkweather, '07, and .H Allen, '07. A large number of Hounds started, about thirty runners in all. E. H. Lorenz, '05, finished first, C. W. Beam, '07, second, G. H. Ruggles, '06, and P. J. Clapp, '06, third, with M. D. Hersey, '08, C. A. Howard, '06, H. R. Callaway, '08, and A. R. Hewter, '08, in fifth, sixth, seventh, and eighth places respectively. Time of Hares was 1 hour and 6 minutes; of Hounds 1 hour and 18 minutes.

A Distinguished Visitor.

Last week Technology had a visitor in the person of Professor Ewing, formerly a professor at Cambridge University, now Director of the Education of the English Navy. He has been sent to the United States by the Admiralty of England to study American methods of educating the Navy. He has already visited Annapolis and the War College at Newport News.

1907 Tug-of-War.

Every man report at Gym. at 4 P.M. on Monday, Wednesday and Friday of this week. Beginning Monday, October 24, the team will practice every afternoon. About forty more men are needed and must come out at once.

H. S. WONSON, 1907, *Manager.*

HOOSAC TUNNEL EXCURSION.

The twenty-three Juniors who accompanied Dr. Johnson on the trip to Hoosac Tunnel last Saturday certainly enjoyed the outing. North Adams was reached about 1 P.M., and from there the party took a six-horse coach across Hoosac Mountain to the east portal of the tunnel. All along the drive geological features were pointed out and studied, and the locality proved an exceptionally fine one for these purposes. The scenery en route and the exhilaration of the ride made the trip one of great pleasure, and the tired but jolly contingent reached North Station about 9 P.M.

Water-color Class.

On Saturday Mr. Ross Turner took the water-color class in Course IV to Ipswich for the day. The party of upper-classmen and graduate students left Boston early in the morning and spent all the forenoon making studies of an old farmhouse built in 1636 and now owned by the local Historical Society. After lunch the party went over the collection of furniture and curios, and examined the old panels and wainscotting, which have been collected from the neighborhood.

Other old homesteads were later visited, and near one of these ran the old Indian trail which once led direct from the shore westward to Central New York. The turnpike which the settlers afterwards laid out followed the course of this trail.

Trips were also made to the marshes and along the water front for color studies.

1908 Tug-of-War.

The following men are to report at the Gymnasium, Monday, October 17 at 4 P.M.:

Carter, H. E. Allen, Cole, Rawlinson, Ford, Lyon, Stevens, Malcolm, Nichol, Lufkin, E. Allen, Whitmore, Pierce, Almy, Wade, M. Allen, Batchford, Place, Harris, Scheafer, Reignall, Bullard, Leise, Gibbons, Davis, Gomez, Leslie, Homan, Duke.

Twenty more men are also needed. This is a chance for twenty-five Freshmen to win their numerals and for every Freshman to show his class spirit.

Monday, October 17, 1904.

Under the present rules of the Technology Club, no undergraduate member of the Institute is admitted to membership, until after the middle of his junior year, that is after the first of April. This rule shuts out and prevents a number of men from enjoying the privileges of the Club until their senior year, as in the latter part of the junior year, or in fact any year, comes the greatest effort on the students' part to pull through. Few Juniors, then, care to join in April, and so interest in the Technology Club is lessened.

To make the membership appeal more to the undergraduate body, we would suggest that membership be open after the begining of the junior year, and that more publicity be given in regard to the aims and advantages of the Technology Club. Very few men at the Institute know about the Club, and it is highly desirable that they should be informed, as they are the men, who will after graduation, if not before, become the active members of the organization.

Class Relay Teams.

Much confusion seems to exist this year in regard to the number of men who will make up the class relay teams. On Field Days 1902 and and 1903 the number of men was twelve, each man running one-sixth of a mile. During the next year the changes in the track at Charles River Park increased the distance around it to one-fifth of a mile. To meet this change, the relay teams of 1904 were decreased to ten men each.

Now that we have our new athletic field a standard distance has been established. The track is a quarter-mile track. Each man will run 220 yards, and the whole distance will be one and one-half miles. The number of men who will on this year's Field Day make up a relay team is therefore twelve.

1905 Nominations.

President, E. B. Hill, C. W. Johnston, W. D. B. Motter. First Vice-President, T. E. Jewett. Second Vice-President, C. E. Warren. Secretary, R. H. Allen, R. H. W. Lord, L. B. Turner. Treasurer, E. C. Weaver. Institute Committee, G. B. Jones, N. Lombard. Executive Committee, J. P. Barnes, R. S. Beard, C. L. Dean, W. Tufts.

Exeter Club.

A meeting of the Exeter Club was held in Room 11, Rogers, Friday, at 1 o'clock. Several Freshmen were taken in as members, and President Robbe appointed a committee of Hinkley, Marx and Hastings to arrange for a Smoker.

Notice.

All secretaries and presidents of student organizations, and captains and managers of teams, will find it very much to their advantage to file their room schedules with Mr. Powers, in the Registrar's office. Important telegrams and callers can then be sent directly to the student at his recitation room.

Hollis Street Theatre.

Grace Van Studdiford, the brilliant prima donna, will have an enthusiastic greeting at the Hollis this evening when she opens her first starring engagement here in "Red Feather," Reginald de Koven's latest and best comic opera. She has made a brilliant success everywhere, and she brings a brilliant company and a notably picturesque production.

Colonial Theatre.

"The Maid and the Mummy," Richard Carle's funniest musical comedy, opens at the Colonial tonight, and gives the first chance of laughing at the drolleries which so delighted New York and Chicago this summer. In the company are Richard Carroll, Edward Garvie, Mrs. Annie Yeamans, Adele Rowland and a group of the prettiest girls ever seen at this house.

Park Theatre.

This week is positively all that remains of "The Other Girl" in Boston, and a triumphant engagement of four weeks will end Saturday night. Boston has enjoyed the clever comedy by Augustus Thomas as greatly as New York did last year, and it is to be regretted that the stay here cannot be extended for a longer time, as it is the hit of the season.
